T-racks

What you see is what you get.

At T-racks what you see is what you get. Do you want a 27U rack? Now you can get one, fully assembled and complete with doors, castors, adjustable feet and fans. Additional accessories are also available in the T-racks portfolio.

T-racks is your solution for neat, safe and easy storage of audio- or IT equipment in a 19" rack. All the most commonly needed sizes are immediately available for delivery from our warehouse in the Netherlands. Ordering on weekdays usually means next day delivery.

Equipped with a tinted safety glass front door.

PRODUCTS AVAILABLE FROM STOCK
USUALLY MEANS NEXT DAY DELIVERY

DEPTH OF 600 MM
AVAILABLE IN HEIGHTS: 15, 18, 22, 27, 37 & 42 U

DEPTH OF 800 MM
AVAILABLE IN HEIGHTS: 37 & 42 U

DEPTH OF 1000 MM
AVAILABLE IN HEIGHTS: 42 U

STYLISH BLACK FINISH
POWDER COATED RAL9004

Freestanding 19" racks

The freestanding 19" racks are equipped with a tinted safety glass front door and a metal back door. Both are supplied with a lock and two keys. The side panels can be easily removed due to the quick release system. If required the side panels can be locked as well (optional).

At the top and bottom of the rack preparations have been made for cable entry. The racks are shipped with castors and levellers for positioning and fans for extra cooling.

Wall Mount 19" racks

The wall mounted racks are also equipped with a tinted safety glass door and a lock with two keys is supplied. A L-rail set is provided with each wall mounted rack.
